Goals
1) To build relationships and understanding among data and information staff from the state departments of education and collegiate representatives involved in the New England Secondary School Consortium.
2) To strengthen our individual and collective understanding of the content and context of the NESSC work relative to the key measures of progress.
3) To review, refine, and make recommendations on the data collection processes and protocols that NESSC will use to track the lead measures tied to the initiative, as well as other data related to the League of Innovative Schools.
4) To continue to review the process and business rules for data collection and submission for 2016.
5) To share best practices and discuss solutions to issues in a collegial, collaborative setting.
6) To engage staff at the National Student Clearinghouse regarding their role in assisting states with key post-secondary measures.
