Microlab Activity

Find two others who are either from a different district or who you don’t know well and set yourselves up so that you can listen to one another and not be distracted by another group’s conversation.
Microlab Activity

- Identify group members as A, B, or C
- Three rounds with a different focus question
- During each person’s time, the other two listen carefully, but do not respond
Microlab Guidelines

- Each person has equal time to talk.
- The listener(s) should not interrupt, interpret, paraphrase, analyze, give advice or break in with a personal story while the speaker is talking.
- Confidentiality should be maintained, unless the group decides to debrief the content of the questions.
- The speaker should not criticize or complain about the listener(s) or mutual colleagues during his or her turn.
Microlab Activity

Question 1

What was your path to becoming an educator?
Microlab Activity

Question 2

Talk about something that went well for you this school year.
Microlab Activity

Question 3

What is something that is particularly challenging for your school in your work towards mastery-based learning?
Debrief this activity as an opening activity for this seminar and how it can be used in the work in your schools.
Is a non-profit support organization based in Portland working nationally with schools, districts and state agencies, providing coaching, and developing tools.
Great Schools Partnership has served as the coordinator of the **New England Secondary School Consortium** since its inception in 2009
We Believe

In equitable, personalized, rigorous learning for all students leading to readiness for college, careers, and citizenship
We Believe

That schools must simultaneously attend to policy, practice, and community engagement.
We Believe

School improvement is context-based, not one-size fits all
Outcomes

Support the capacity building of educators to design, implement, and sustain practices that ensure equity, personalization, and rigor for all students leading to college-, career-, and citizenship-readiness.
Outcomes

Engage in Professional Learning Group conversations specifically focused on providing presenters from different schools with feedback, ideas, and resources as they continue to implement and refine their own personalized learning efforts.

Mastery-based Learning
Self-assessment
Higher Student Aspirations, Achievement, and Attainment

WHERE ARE WE NOW?

- STEP 1: Analyze Student Achievement Data
- STEP 2: Analyze Existing School Practices
- STEP 3: Identify Internal + External Assets
- STEP 4: Identify Internal + External Obstacles

WHAT WILL HELP OR HINDER US?

- STEP 5: Determine Student Achievement Goals
- STEP 6: Determine Improvement Strategies + Rationale
- STEP 7: Develop or Refine Action Plan
- STEP 8: Implement + Monitor Action Plan

WHAT ARE WE GOING TO DO?

- WHERE DO WE WANT TO BE?
Self-Assessment Reflection:

• What are some potential strategies that might raise the level of implementation within a particular strand?

• How can you leverage success in one strand to support growth in other areas?

• What strands will you set as goals for growth and/or improvement?

• How can you design outcomes to support your goals?
