

Learning Walkthrough Protocol

To support each student, personalization at Winnacunnet is defined as:

- *Opportunities for students to be included in designing their own high school experience (PLP);*
 - *Faculty, staff, community members, parents, and students are all involved in creating the personalized environment for each student;*
 - *Competencies can be achieved through multiple opportunities and pathways;*
 - *Students are aware and connected to options, resources, and people to create a personalized learning experience;*
 - *The classroom environment is student-centered;*
 - *Personalization is a promise to meet students where they are at, and to address all learning styles.*
-

Framing question: “What evidence of personalized learning do we see in classrooms?”

Your name:

Evidence of personalized learning:
