### Outcomes

1. Self assess and explore specific ideas/resources that can help my school in our personalized learning efforts.
2. Deepen my professional network within the League of Innovative Schools by learning with and from colleagues.
3. Engage in Professional Learning Group conversations specifically focused on providing presenters from different schools with feedback, ideas, and resources.

### Overview

Participants will begin the day at Twinfield Union School, where we will join learning groups to share our problems of practice and dilemmas associated with the systems that we've created in our schools. We'll then shift to self-assess and review elements of effective personalization. Please consider bringing a question or piece of work of your own for feedback from your peers. After lunch, participants will have the opportunity to visit exciting programs at both Twinfield and Cabot Schools. At Twinfield, we will participate in round-table discussions with teachers committed to personalized learning in Renaissance and Think Tank. At Cabot, we'll encounter Cabot Leads, a service learning and project based program.
